Mutebox One

Mutebox One is our original single-person meeting booth designed for immersion and focus. The booth combines aesthetics and functionality with multiple material and configuration options to suit your needs.

The model is designed and manufactured in Denmark and comes with both a specially designed acoustic carpet and a built-in motion sensor for optimal comfort and ease of use.

Available in several variants:

- **Original** with hand-sanded oak
- **Textile model** with Focus Melange or Cura Loop from Gabriel Fabrics
- **Søuld model** in CO₂-neutral eelgrass panels

Mutebox One Comfort

If you prioritize seating comfort, the Mutebox One Comfort is the ideal solution. The specially designed bench supports the back and enhances the booth's usability. It is available with upholstery in either Gabriel fabrics or Leap® The leather alternative by Beyond Leather.

Like the original Mutebox One, the Comfort model is perfect for online meetings and private calls. The design combines aesthetics and functionality with multiple material and configuration options, allowing it to be tailored to your needs.

The Mutebox is designed and produced in Denmark and comes with a specially developed acoustic carpet and a built-in motion sensor.

Available in several variants:

- **Original** with hand-sanded oak
- **Textile model** with Focus Melange or Cura Loop from Gabriel Fabrics
- **Søuld model** in CO₂-neutral eelgrass panels

Acoustic Frames

Acoustic design is not just about reducing noise but about creating atmosphere. The new sound-absorbing acoustic frames combine functionality and aesthetics in a harmonious expression. The frames are available in three sizes and can be upholstered with either Focus Melange from Gabriel or eelgrass from Sølud. The natural materials both dampen sound and add warmth to the room.

The finger-jointed corners showcase craftsmanship and finesse, while the different surface finishes allow the look to be adapted to any environment.

Designed and manufactured in Denmark.

Acoustic Table

Create a calmer, more focused workspace with our acoustic table. Its innovative design reduces noise and enhances acoustic comfort.

The tabletop comes in a range of colors, and the underside uses sustainable, sound-absorbing materials like cork. The pedestal is also acoustically clad with removable fabrics or handcrafted slats, ensuring exceptional noise reduction.

Crafted from natural materials with soft lines and durable construction, it blends form, function and sustainability for a workspace that supports both concentration and conversation.

Proudly designed and manufactured in Denmark.
