## The art of non-doing

Drawing inspiration from the Japanese philosophy of 'Boketto,' a practice rooted in the art of non-doing and peaceful reflection, the Boketto Sofa is defined by gently rounded rectangles, offering a soothing, cohesive look. Two diagonal modules add versatility to layouts, while modules with trays provide a functional touch.

## Refined lines on the edge

The Edge V2 Sofa takes its origin point in the idea of lines, running between its frame and cushion for a slight, elegant gap, across its linear armrests and throughout its soft, loose pillows. The design floats on a delicately designed base of steel.

## Working wonders for any event

At first glance, the Event Chair appears visually simple in its design. Still, after closer inspection and especially when in use, the design's understated yet well-considered detailing reveals. Sculpted with the human body in mind, the shell draws you in, supporting and encapsulating you while seated.

## Lightly lifted ease

Balanced in proportion and generous in comfort, Levanto is conceived as a natural focal point within the living space. Distinctive side cushions extend down towards the frame, visually anchoring the upholstery while emphasising the contrast between soft volume and slender structure.

## Retreat for relaxed communication

The Lilin Sofa has been conceived as an invitation to communication and conviviality. The soft shapes and rounded lines of the seat and backrest suggest a welcoming feeling of comfort, while the curve of its structure places those who sit in a more informal position, fostering relaxed communication.

# Mate /

## A mate for life

Connecting geometric shapes, Mate is a side table with a harmonious aesthetic, guided by a strong focus on materiality, proportion, and scale. Approaching the design typology from a symbolic perspective, the tray is seemingly floating atop the sculptural base and leaning towards the user like a personal server.

# Parlour /

## Room to parlour and ponder

Inspired by the idea of a “parlour” - a space designed for entertaining, socialising, and relaxation - the Parlour series by Jonas Wagell includes a lounge chair and a complementary ottoman. With pronounced piping details defining the shape, the lounge chair’s sweeping backrest is seamlessly attached to the round, voluminous seat.

# Pontone / Speaking in volumes

The Pontone Sofa is one that speaks volumes without making much visual noise, communicated through the folded details of its armrest, its pointy shapes, and the lines of its loose cushions. ## Relaxed elegance

With its low-slung silhouette and softly contoured lines, the Ridge collection invites you to sink in. A single flange edge running along the top draws the eye, forming a subtle ridge that defines the outline and lends the collection its name.

## A deceptively simple design

Though deceptively simple in its design, the Sepal series features a wealth of details. From the fine, lightweight frame in black powder-coated steel to the precision-made tailoring of the upholstered interior. Lending its name from botany, just like the sepals on a frail flower, the series upholds a sturdy yet delicate character.

## Created by hand and heart

The Tip Toe Bench is created with elegant simplicity at heart, seen through the gentle seat placed upon a light and almost hovering base in matte, black steel. Available in three sizes, the soft, clean lines, and asymmetrical seams of the seat hint toward the tenets of traditional upholstery techniques.

## Playing with dimensions

Deriving from Latin, the term vector literally means 'to carry' – and the name thus refers to the typology of a table in its simplest form. Playing with perspective, when viewed from the end, the frame in black powder-coated aluminium appears dense, adding weight to the design, whilst seen from the side, the slender silhouette seems light and airy.

**Re-orders**

Reservations must be made for minor adjustments in colour, density and dimensions, as we continuously develop and update our designs.

**Extra loose cover**

40% of sofa price

**Dimensions**

Reservations must be made for minor deviations.

**Fabric consumption**

All fabric consumption is calculated based on a standard fabric width of 140 cm. As a result, seam lines may appear on larger sofa modules.

**Leather**

Leather upholstery is always fixed. Being a natural material, each leather surface is unique, and variations in appearance are to be expected.

Like fabric, seam lines may also occur on larger sofa modules upholstered in leather.

**Marble and limestone**

Reflecting the unique terroir of their origins, visual variations in colour, fossil markings and veining are to be expected in our selection of marbles and limestone. Not to be mistaken for cracks, the veins can appear as small lines or run through the entire slab. No matter the volume, the tabletop's stability will not be affected by the veins and these natural variations should not be considered defects, nor are they covered by our warranty.

Under no circumstances shall the Vendor be liable for loss of profits, loss of earnings, or any other consequential financial loss. If any third party raises a claim for compensation against the Buyer by reason of a product damage, the Buyer shall forthwith notify the Vendor to this effect.

Article 09

**Force majeure:** The following circumstances with the Vendor shall give rise to exemption from liability if they prevent the performance of the contract or render such performance unreasonably onerous: Labour conflicts and any other circumstance beyond the control of the Vendor, such as but not limited to fire, war, mobilisation or unforeseen military call-ups of a corresponding scale, requisitioning, seizure, foreign exchange restrictions, insurrection and civil unrest, lack of transportation except where such lack was foreseeable by the Vendor, general scarcity of goods, and defects in or delays of deliveries from sub-suppliers due to any of the factors set forth in this paragraph. Notwithstanding any stipulation in these Conditions of Sale and Terms of Delivery, either of the parties may cancel the agreement by notice in writing to the other party where the performance of the agreement is prevented for more than six (6) months by one of the events set forth in this Article.

Article 10

**Disputes:** All and any disputes arising out of or in connection with this contract shall be settled according to Danish law. Any legal action shall be instituted at the Vendor's or Buyer's venue, at the Vendor's option.
