CUSTOMER FABRIC COM (CUSTOMER OWN MATERIAL)

The amount of fabric indicated for each model refers only to plain, self-coloured material in 140 cm width, without any defects.

The minimum order amount for this programme is as follows:

- 1 piece for sofas and armchairs;
- 4 pieces for chairs.

The feasibility of covering the requested product with COM is subject to verification by Kartell SpA of a sample of fabric to be sent together with the order.

Simply send a COM sample no smaller than A4 size (210 x 297 mm).

The use of any material that is not 140 cm wide, or of any fabric that is not plain and self-coloured, is subject to authorisation by Kartell SpA and in such cases the company may request a larger quantity than that indicated on the list.

The client must clearly indicate any particular cuts to be made, plus the direction of stripes or decorative parts.

Kartell SpA approval of the material provided by the Client is limited only to the production of the upholstery. Kartell SpA therefore declines any responsibility relating to resistance to wear, fire resistance or other technical characteristics of fabrics provided by the Client.

Kartell S.p.A. is in no way responsible for customer-supplied materials, for any defects or technical shortcomings of such materials, for any possible defective reactions on the upholstered product or for care and washing instructions.

SHIPPING OF CUSTOMER OWN MATERIAL

The sample of customer own material ("COM") and the fabric required for the production of the items ordered must be sent to us with delivery duty paid (DDP) complete with all the instructions required to identify the material, the order and the model it refers to.

The material should be sent to the following address: Kartell S.P.A., Via Delle Industrie, 1 - 20082 Noviglio (Milan)

DELIVERY TIMES FOR CUSTOMER OWN MATERIAL ORDERS

Orders are generally available within 4 weeks of receipt of the material, unless otherwise indicated due to the particular characteristics of the fabric and, in any case, subject to technical feasibility.

IMPORTANT: indications regarding amounts of material required are not valid for customer own leather ("COL"). For further information, please contact our Sales Office.

Martindale 250.000

Kartell has decided to include the innovative Aquaclean® fabric, which can be cleaned with water and contains no PFC, a substance contained in most stain-resistant fabrics which pollutes the environment and is harmful to health.

This ecological fabric has a structure designed to simplify cleaning and strength, reducing the risk of accidental tearing sometimes caused by our pets. It is also subject to Safe Front treatment, which prevents the proliferation of bacteria and dust mites.
