# Good *to* know

---

## **CURATED SIZES**

The curated sizes celebrates the skills of the masters in the Kasthall Design Studio. Unique, made to order, these rugs are available in set sizes but also with a degree of flexibility for the customer.

## **PRE-SET WIDTHS**

Our looms are pre-set for certain widths, but we are happy to reset the loom for any special width you may need, at a customized price point.

## **CUSTOMIZED OPTIONS**

Made to your exact specification, within our ability. Available in rugs, wall-to-wall and broadloom, the customized options gives the client true artistic license to create their own vision of how one of our rugs should look and feel. Individually priced and made to order, this offer is an opportunity to add a personal signature and unique character to any interior space.

## **SIZE TOLERANCES**

Depending on the natural materials used and the varied hand-crafted processes in production, dimensions of the rug and carpet may vary, so please state maximum or minimum dimensions when placing your order.

Woven rugs: +-5%

Tufted rugs: +-2%

Broadloom: +-3%

## **ADD-ONS KASTHALL WOVEN COLLECTIONS**

RUG UNDERLAY is recommended for all Kasthall rugs and can be used on all types of flat floors. Underlay has a slightly self-adhesive surface that ensures the rug will not slip on the floor. Underlay can be used on floors with underfloor heating and can be washed at up to 40°C. The use of rug underlay extends the life of a rug.

BACKING is a treatment in which the underside of woven rugs is coated with acrylate adhesive. This stabilises the rug and extends its life. It is recommended for woven rugs wider than 200 cm or larger than 6 square metres in area.

## **FABRIC BACKING**

A textile weave used for woven rugs that are to be cut to fit into tailored shapes.

## **ADD-ONS AREA RUGS**

BINDING PER RUNNING METER: When binding the edge of an area rug we place a 30 mm polyester strip, of which about 15 mm becomes visible, along the edge of the rug. Color matched to the rug or contrasting color by request. Recommended for public environments.

Available colors for binding:

Venetian Red 101, Wine Red 102, Blue Black 201, Dark Petrol 301, Ochre 401, Black 501, Dark Grey Brown 502, Dark Grey Green 503, Dark Grey Blue 504, Mid Grey 505, Granite Grey 506, Dark Brown 701, Nougat 702, Sand 801, Light Beige 802.

WHIPPING PER RUNNING METER: Whipping entails sewing an overlock stitch with 100% wool or polyamide along the edge of the rug. The seam is matched to the color of the area rug.

NOT recommended for public environments.

## **WARRANTY**

Kasthall guarantees for 10 years from the date of the original invoice, that standard products are free from manufacturing defects and incorrect materials. The guarantee applies under the condition that the product is used correctly according to the recommendations, care advice and product performance as shown in Kasthall's product datasheet.

## Woven collections

Weaving is a craft that has been honed for thousands of years. Two perpendicular rows of threads, the warp and the weft, are interlaced in a variety of manners. The result is timeless and durable. Our woven rugs are made of yarn that we produce ourselves from nature's finest materials: wool and linen.

This quality, made by our exceptional rug makers, equals a hard-wearing, dirt-repellent rugs, each one with its individual texture and style. Our collections include rugs and wall-to-wall carpets for residential, offices, hotels, shops and other public spaces.

# KASTHALL

---

## Tufted collections

Tufting provides a multitude of possibilities in terms of shapes, patterns and forms. At Kasthall, our masters have created tufted rugs since 1972. This production method provides a wide range of design possibilities for detailed patterns, individual styles, and visual effects.

We offer a large collection of tufted rugs made of carefully selected wool and linen. These include pieces with different pile heights and densities, ranging from long-pile to bouclé rugs.

# ARCHIPELAGO
