Example 1

Example 2

FEATURES

- A versatile shelving system for organisation, room division, and a hint of acoustic magic
- Easily customisable space division system
- Simple construction: Assemble each unit with just 8 bolts for a quick setup.
- Tool-free reconfiguration: Adjust shelves and layouts in minutes – no tools required
- The shelves come in White, Light Grey, and Grey as standard.
- Oak Decor and Oak Veneer options are also offered at an additional cost.
- Optional accessories can be added to create visual and acoustic boundaries, enhance storage organisation, and incorporate plants

Elegantly timeless

The FourMe® chair collection offers maximum comfort and organic, spacious design with universal appeal. The collection is perfect for bringing a warm, domestic feel to interior public spaces, and dining and meeting areas. The ultra soft-grip surface of the shell chair consists of a bio-composite material reinforced with wood fibres, which are visible to the eye, making every chair unique and creating a very different tactile experience from other conventional shell chairs.

A statement of comfort & flexibility

In a modern workspace, FourLikes® becomes a dynamic hub for collaboration, providing a comfortable setting for team discussions or individual focus sessions. In a vibrant break-out area, these modular sofas transform the space into a versatile zone for impromptu meetings, creative brainstorming, or simply unwinding during a break.

The adaptability of FourLikes® extends to reception areas, where it brings both comfort and sophistication. Tailor the system to your style and work culture, ensuring a cohesive and inviting atmosphere. It's not just about seating; it's about transforming underused spaces into functional and meaningful areas that reflect the unique character of your environment.

Let's furnish the world better

When we design a product, we consider every stage of the products lifecycle to ensure we are making responsible choices throughout all areas of the company. Each stage has the possibility to effect the next and so the whole picture is considered. Responsible manufacturing not only looks at the materials and where they are sourced, but also the manufacturing site and resources consumed; the use and durability of the product; the packaging and delivery service; as well as the product's end-of-life.

Our furniture are
tested for Globally use

	People Certification	Certified for low VOC i.e. Oeko-tex, Greenguard Gold, Indoor Air Quality etc.
	Planet Certification	Certified for low environmental impact i.e. Ecolabel, Cradle-to-cradle etc.
	Recycled materials	Using either post-industrial or post-consumer recycled fibres. Using less energy and resources whilst resolving a potential waste issue.
	100% Natural material	Natural fibres like wool and hemp are naturally fire retardant and therefore may not need added FR chemicals (depending on requirements).
	Less resource intensive	Materials that use less water, energy or chemicals within production.
